Courses in red are not available online.

A student majoring in psychology will focus on better understanding human behavior from a scientific perspective. Insight into the effect of the environment and biology on human behavior will promote personal awareness and change. The coursework is designed to help students prepare for transfer to a four-year college with a major in Psychology. Yet, students who pursue careers in social work, criminal justice and business are a few of the people helped by the curriculum.

Term/Grade	Course Number	Course Name	Course Credits

_____	_____	_____	3	
		Total Credits		60

NOTES:

1 Most four-year colleges require two years of a foreign language. It is recommended that students complete or begin foreign language study at Holyoke Community College. Only six non-Arts and Science credits may be taken.
