HCC's Creative Writing Option is one of only a few of its kind in the country for students pursuing an Associates Degree. It's a solid academic program that allows students to explore a personal interest, while at the same time follow the guidelines of a typical Associates of Arts degree, including the Massachusetts State College Transfer Compact. With the right planning, students can go on to just about any Arts and Science discipline after earning their A.A. degree with this Option. A designated faculty advisor will guide them. In their final semester, students will assemble a portfolio of representative work, along with a personal statement about their experiences and accomplishments in Creative Writing at HCC.
